WokManeja - How-To Use Guide

Step-by-step instructions for completing everyday operational tasks in the WokManeja system.

1. Getting Started & Login

How to Access the System

1. Open your web browser (Chrome, Edge, or Firefox).
2. Navigate to your local server address (e.g., `http://localhost:5050` or the specific IP address provided by your IT department).
3. The WokManeja login screen will appear.

How to Log In

1. Enter your assigned **Username** and **Password**.
 - *Note: If this is a fresh installation, the default administrator credentials are `admin / admin123`.*
 2. Click **Sign In**.
 3. You will be directed to the operational Dashboard.
-

2. Managing Staff Profiles

How to Add a New Employee

1. Navigate to the **Staff Management** tab using the left sidebar.
2. Under the **Add New Staff** card on the left:
 - Enter the **Full Name**.
 - The **Employee ID** will auto-generate to prevent collisions (e.g., WH001).

- Enter the **Designation / Job Title**.
 - Select their **Department** from the dropdown. (Click *Manage* to add a new department if needed).
 - Enter their **Bank Name** and **Account Number**.
3. Set the employee's **Pay Cycle** (Weekly, Fortnightly, or Monthly).
 4. (Optional) Check the **Enable Staff Portal Access** box to create a linked user account for the employee, allowing them to log in and view their HR records.
 5. Click **Save Staff**.

How to Inactivate an Employee (Offboarding)

If an employee leaves the company, you should not delete their profile (to maintain historical audit trails).

1. Go to **Staff Management**.
2. Find the employee in the Staff Directory table on the right.
3. Click the **Edit** button next to their name.
4. Change their **Status** dropdown from *Active* to *Inactive*.
5. Click **Save Staff**. They will no longer appear in future payroll runs.

3. Processing Payroll

How to Create an Individual Payslip

1. Navigate to the **Create Payslip** tab.
2. Select the employee from the **Employee Name** dropdown. The system will auto-fill their ID, department, and Pay Cycle.
3. Select the **Period Start** and **Period End** dates.
4. Enter the **Basic Pay** in the Earnings section.
5. (Optional) Click **Show Overtime Calculator** to help compute complex statutory overtime multipliers. Enter the final value in the Overtime field.
6. (Optional) If offboarding an employee, use the **Calculate Severance** button (1 month remuneration per year of service).
7. The **VNPF Deduction** will auto-calculate at 6% based on the Basic Pay.
8. Enter any Custom Deductions (e.g., Staff Loans) if applicable.
9. Verify the **Net Payable Amount** at the top.
10. Click **Save to Database**.
11. Click **Download / Print** to generate a PDF copy for the employee.

How to Process Bulk Payroll

1. Navigate to the **Bulk Payslip Processing** tab.
2. Select the global **Pay Cycle** (e.g., Monthly).
3. Set the global **Pay Date, Month, and Year**.
4. The active staff grid will populate. You can type directly into the *Basic, OT, Bonus, and Deductions* columns for each employee.
5. The system will auto-calculate VNPF and Net Payable for each row dynamically.
6. Click **Save All to Database** to process the entire company payroll in one click.

How to Reprint a Historical Payslip

1. Navigate to **Payslip Records**.
 2. Find the payslip you need (you can filter by month or search by name).
 3. Click the **Print** button next to the record to generate an exact PDF replica.
-

4. HR Leave & Advances

How to Submit a Leave Request

1. Navigate to the **HR Leave & Advance** tab.
2. Under the Submit Request form:
 - Select the **Employee**.
 - Select the **Request Type** (Annual Leave, Sick Leave, Leave Without Pay, or Payment Advance).
 - Choose the **Start Date** and **End Date**.
 - Add a brief reason in the **Notes** box.
3. Click **Submit Request**.

How to Approve or Reject a Request

1. As an Administrator or Manager, navigate to the **Dashboard** or **HR Leave & Advance** tab.
 2. Locate the **Pending** request in the Recent Requests table.
 3. Click **Approve** (Green checkmark) or **Reject** (Red cross).
 4. Approving Annual/Sick leave will automatically deduct the taken days from the employee's entitlement balance. Approving a Payment Advance registers an outstanding loan balance for the employee.
-

5. Compliance & Reporting

How to Generate the AI Executive Report

1. Navigate to **AI Compliance Report** (if authorized).
2. Select the desired Month and Year.
3. Click **Generate Report**.
4. The system will bundle the database metrics securely and generate a plain-English executive summary highlighting any unusual trends, VNPF discrepancies, or sick leave spikes.

How to Export VNPF Remittance

1. Navigate to **VNPF Remittance**.
2. Select the target Month and Year.
3. The system will aggregate the 6% Employer and 6% Employee contributions.
4. Click **Download PDF** to export the ledger for government upload.

6. System Maintenance

How to Export a Database Backup

1. Navigate to **Database Manager** (requires Admin or IT role).
2. Click **Export Database**.
3. A JSON backup file containing all system data will be downloaded to your machine.
4. Store this file securely on an external drive. *(It is recommended to do this on the last day of every month).*

How to Restore a Database Backup

1. Navigate to **Database Manager**.
2. Click **Import Backup**.
3. Select the previously downloaded JSON backup file.
4. **Warning:** This will overwrite all current system data with the backup state. Use only in emergencies or when migrating hardware.
